

## **The CIVA Sanction Fee**

Here is some background information to the bureau proposal to raise the CIVA Sanction Fee per competitor from 160€ to 180€. The 160€ level was set in 2014 when plenary last approved a change to this figure.

Worl	d Inflation Rate - Historical Data					
Year	Inflation Rate (%)	Annual Change				
2020	1.94%	-0.21%				
2019	2.15%	-0.27%				
2018	2.42%	0.24%				
2017	2.18%	0.69%				
2016	1.49%	0.06%				
2015	1.43%	-0.91%				
2014	2.35%	-0.26%				

First - a rough guide to the level of inflation around the world since 2014 -

Based on this guide the world increase in inflation from 2014 to 2020 was 13.96%. The indication from this is that the historic  $160 \in$  sanction fee per competitor should now rise from  $160 \in$  to  $182.34 \in$ .

Since 2014 the audited year-end value of CIVA's Reserve has been as follows -

2014	2015	2016	2017	2018	2019	2020
83,027	96,763	102,847	92,182	81,2180	66,404	62,179

During the last 7 active years the number of competitors at all CIVA championships has been -

	2014	2015	2016	2017	2018	2019	2021
WGAC	32	32	20	23	22	19	19
WAGAC	36	47	39	35	35	31	23
WAC		58		36		61	
EAC	39		40		35		
WAAC	66		55		56		35
EAAC		46		45		38	
WIAC	30					19	
EIAC							20
WY52AC	17			18			
Totals / year	220	183	154	157	148	168	97

Based on this average of 160 competitors per annum level the return into CIVA Reserves of raising the sanction fee would be -

- + 10€ to 170€ -> 1,600 €
- + 15€ to 175€ -> 2,400 €
- + 20€ to 180€ -> 3,200 €
- + 25€ to 185€ -> 4,000 €
- + 30€ to 190€ -> 4,800 €

The bureau therefore proposes -

- That the CIVA Sanction Fee per competitor is raised from 160€ to 180€ with effect from January 1st 2022.
- That in all bid information currently held and distributed for events planned for 2022 and onwards, the organiser should be entitled to raise the stated entry fees by 20€.

This topic will be reviewed as the first item during plenary session #2 this afternoon.

The CIVA Bureau, November 2021
