Tatoi Air Base, Athens**

The CIVA ACRO Contest Scoring software

The software has remained stable and generally functioned very well throughout 2024 in the hands of scorers at the three championships. Minor revisions continue to be made to the code to enhance operational usability and to meet suggestions by users to improve or extend report layouts and general presentation.

A handwritten signature in blue ink, appearing to read 'Nick Buckenham', is written over a faint, larger version of the same signature.

Nick Buckenham
CIVA 2024
