1. COMPETITOR'S QUESTIONNAIRE, REQUEST FOR PICTURES

The Organizer's aim is to introduce the event to wide publicity. A printed booklet is in preparation and the content will be spread through online media as well.

For that purpose, all the competitors are kindly asked to send the following information and pictures by the 15th July 2025:

- short bio (aerobatic career)
- flown aerobatic aircraft type
- any kind of food intolerance*
- special meal request*
- high resolution ID photo (badge, booklet)
- high resolution whole-shaped photo (wearing a flying uniform, standing in the front of the airplane)
- expected date of arrival, and departure
(accommodation request at Naturmed Hotel Carbona**** before 12th and after 21st September)

* the Organizer cannot ensure to fulfill all special requests of the participants

Note: Pilots must be ready to give interviews, take part in guided hangar tours, and attend public meetings in previously agreed-upon time frames not interfering with competition preparation. Please prepare some gifts and photos for the aerobatic fans!

2. TRAINING AIRFIELDS IN HUNGARY

Training flights prior to official training days are not permitted at LHSM due to noise restriction and lack of hangar availability. The Organizer can offer the following training airfields in Hungary:

- (a) Kaposujlak (LHKV)
- (b) Ocseny (LHOY)
- (c) Szeged (LHUD)
- (d) Bekescsaba (LHBC)

5. NATIONAL OPEN 4min FREESTYLE CUP

An airshow is planned to be held on 20th September 2025.

The National Open 4 min. Freestyle Cup will be organized within its frame as a NON-CIVA sanctioned separate contest.

A maximum of 10 pilots will be invited by the Organizer, based on their results and airshow skills. The Organizer's decision about participation is final and non-negotiable.

The rules and criteria for judgment are based on Section 6, Part 1, Para 2.4.

Minimum safety altitude for the program: 200m

Disqualification height: 100m

Disqualification: in case of crossing the deadline, low-low, dangerous flight

The winner, 2nd-placed, and 3rd-placed pilots will be awarded trophies.

Fuel and smoke oil for the contest flight will be provided by the Organiser free of charge.

If the final day is necessary for competition flights (weather, other issues), the Organizer has the right to cancel the Freestyle Cup.

IF YOU OR YOUR PILOT ARE INTERESTED TO TAKE PART, PLEASE SEND THE APPLICATION INCLUDING THE SUMMARY OF RELEVANT AIRSHOW EXPERIENCE TO THE ORGANIZER NOT LATER THAN 31st AUGUST 2025.

6. SUPPLEMENTARY LICENCE VALIDATION INFORMATION

Further discussion with CAA Hungary regarding licence validations for the contest led to the following changes and additions:

- Organizer's language assessment suffices for validation, there is no need for any ICAO ELP level nor any document proving it,
- Licences will only be valid over the State vaildating them, ferry flights will need licence validations from all States overflown,
- The Hungarian CAA's preferred method for document submission for validation is uploading via „ePapír”, Hungary's official online digital documentation system. Registration for foreigners may be done but complicated; best practice is to fill the authorisation in Paragraph 3 of the „Validation of Licence issued by a third country Application Form” to authorise Organization Assistant László Baku to take care of the uploads. Please ensure that the data and signature of two witnesses is filled as requested by the form as the CAA will regard the authorization invalid should any data be missing.

For data of representative to fill (and any further inquiries regarding licence validation), please look for László Baku on bqlc.qm@gmail.com (personal) or info.waac2025@gmail.com (event address).
