

Agenda 11.7 – Urgent Proposals

Nick Buckenham

At a late stage it has become clear that all of the significant and important issues for plenary to discuss are already covered by proposals that are now in place.

One outstanding item remains to be mentioned, resulting from the non-use of Boundary Judges at Zbraslavice for the WGAC/WAGAC event. The HMD used at this championship did not have box X-Y tracking capability, and therefore with the agreement of a majority of the Team Managers no boundary judging was carried out, the judges being solely responsible for this aspect of each performance via the standard CIVA Positioning Grade.

As a consequence of this the Jury President has recommended that the following change should be considered to Section 6 Part 2 paragraph 4.2.1.1 -

4.2. Boundary Judging

4.2.1.1 A CIVA-approved electronic position tracking system is mandatory at World Championships. Should the electronic tracking system be inoperative ~~the performance zone will be recorded by Boundary Judges~~ **boundary infringements will not be recorded.**

A handwritten signature in blue ink, appearing to read 'Nick Buckenham', is written over a horizontal line.
